Signs of the Times!

Do you recognize these signs that we see every day?

Jesus mentioned signs that people used to predict the weather.
Can you draw pictures to go with these sayings?

If a circle forms around the moon
It will rain soon.

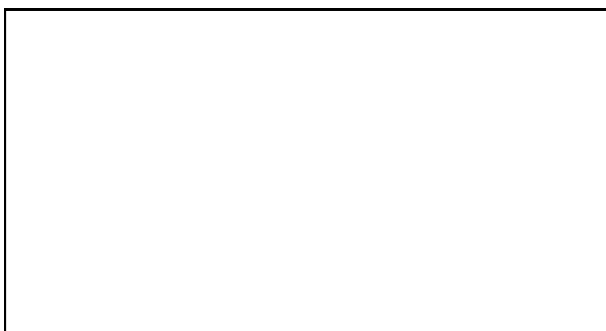

Red sky morning, shepherd's warning.
Red sky night, shepherd's delight!

Expect the weather to be fair
When crows fly in pairs

The first snow comes six weeks after
The last thunder storm in September

A swarm of bees in May
Is worth a load of hay

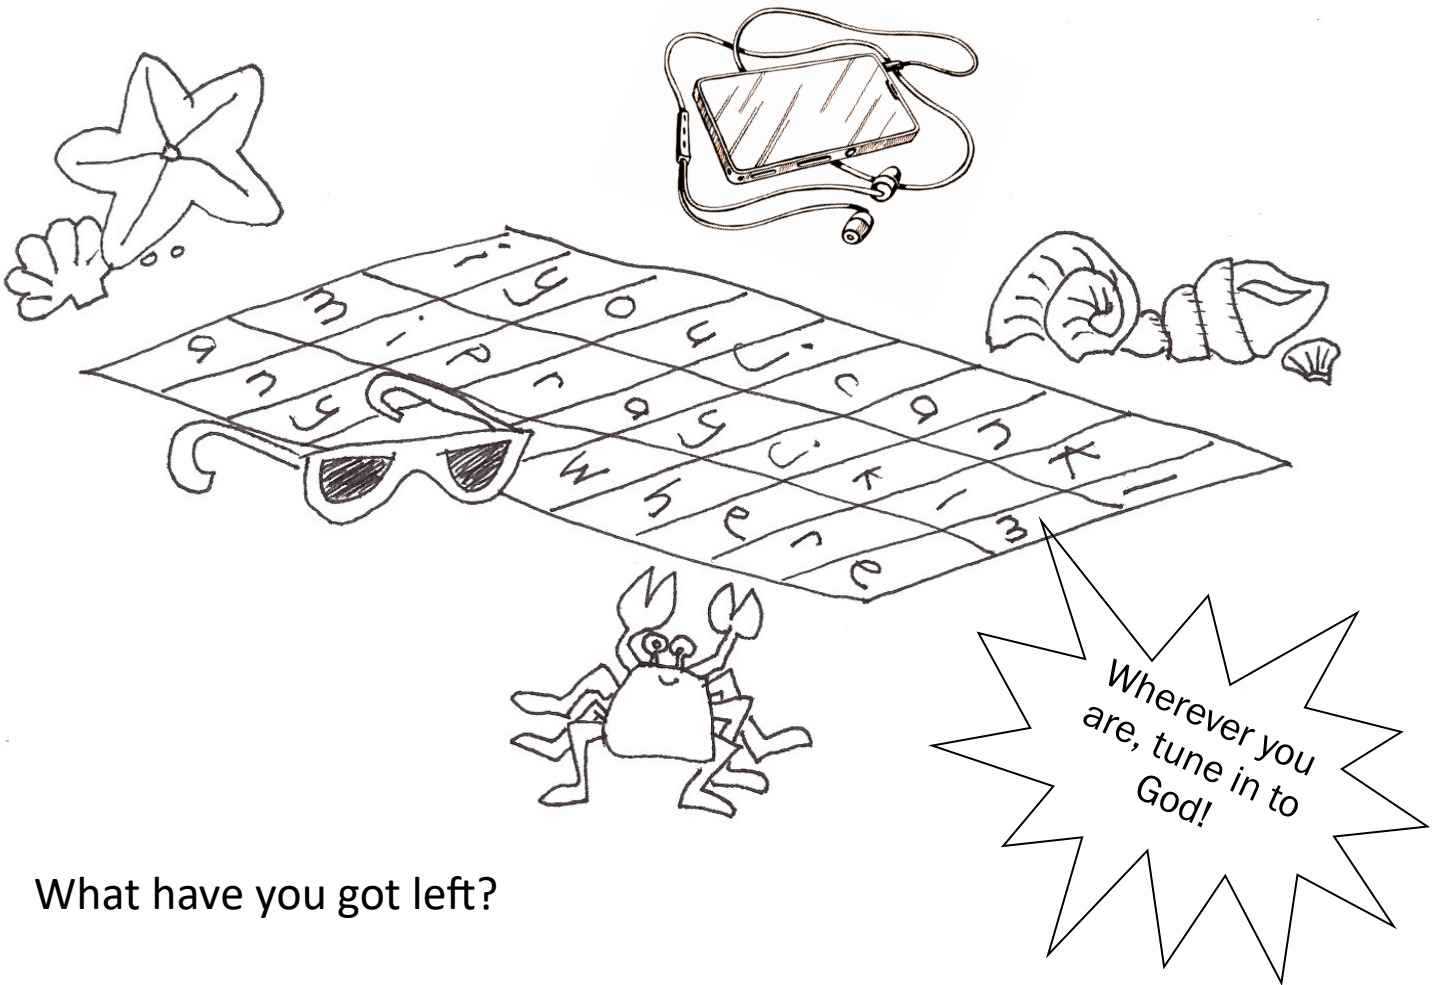

When cattle lie down in light rain
It will pass soon

August is the month for summer holidays!
